

United Community Health Center is pleased that you have chosen us to be your health care provider. In order to give all of our patients the care that they deserve, we would like to share some guidelines.

Please arrive 20 minutes early. Appointments are often scheduled months in advance, if you need to re-schedule or cancel, please let us know immediately by calling your clinical site. If your insurance requires a Primary Care Physician change, please call before your appointment.

If you need prescription refills (please bring in your bottles) and discuss this request along with your medical concerns in the time allotted for your visit. You may need to schedule a follow-up visit for a complete physical or to further discuss your medical condition, but this will be determined by you and your provider.

Please print and complete the Registration Form, Emergency Information & Consent Form, and Release of Health Information Form and bring this to your appointment. If this appointment is for a child, bring a copy of their immunization record.

The following is a checklist of things to do prior to your appointment:

- Arrive 20 minutes early for your appointment
- Bring the following items to your appointment
 - Current Insurance Card
 - Completed Registration Form
 - Completed Emergency Information & Consent Form
 - o Completed Release of Health Information Form
 - o Bottles/list of your current medications
 - Immunization Records

Thank you for choosing United Community Health Center as your medical home provider!
